

Disposable Earcup Covers

Model 3060EC

- * Flexible and comfortable
- * Available in multiple sizes to accommodate a variety of Califone headphones and headsets

These protective earpad covers are ideal accessories for headphones located in high-use school settings such as classroom listening centers, libraries, computer labs, and in ELL and ELD activities.

The earpad covers fully enclose the ear cushions of the headphone, helping to keep the headphone clean and improve hygiene. The earpad covers also help deflect perspiration in hot, humid conditions and will not affect the overall sound quality. Since the students are no longer in direct contact with the vinyl ear cushions, many will find using the earpad covers to be more comfortable, and are more likely to stay on task.

These earcup covers are designed to be used with all of the Califone 3060 series and CA-2 headphones and can also be used with the 3064AV and 3064-USB headsets.

Visit our website at www.califone.com to learn more about the complete line of wired and wireless *Califone*® headphones and other audio products including: Portable and installed public address systems, wireless microphone systems, group listening centers, multimedia players and computer peripheral products.

We are proud of helping teachers enhance student understanding and achievements since 1947, with your satisfaction as our first priority.
