# UHQ (Ultra High Quality)

When faxing with yesterday's technology, graphics and photos can be rendered unviewable. This is because traditional fax machines cannot differentiate shades of grey. To solve this problem, Canon introduced Ultra High Quality (UHQ) Imaging Technology. Halftone reproduction up to 256 shades of grey and an Edge Enhancement feature detect gradual changes in image density for high clarity results. With Canon, the true meaning of the word facsimile is restored.

# Canon's Unique All-in-One cartridge

Every Canon Laser Printing Product features the ground-breaking All-in-One cartridge. Completely recyclable. Simply replace the convenient All-in-One cartridge, containing toner and all essential parts, and your laser printing machine is as good as new. There's no mess, no hassle – just continuous high quality output every time you need it.

# Inkjet Faxes

### FAX-JX500

With high specification features and improved performance, this affordable Super G3 inkjet fax offers you superb value for money. Attractive, compact and easy to use, it ensures reliable plain paper faxing - complete with a built-in digital answering machine.

- Affordable, compact and attractive A4
  plain paper inkjet fax with built-in digital
  answering machine
- 33.6Kpbs Super G3 modem: up to
   3 seconds per page transmission\*
- 120-page\* fax memory for worry-free faxing
- 20-page Automatic Document Feeder, 100-page paper supply
- Speed dialing: 9 one-touch/100 coded keys
- FINE\*\* technology for high speed, high quality printing

- Ultra High Quality (UHQ) imaging with 256 grey scales for faxing in fine detail
- Direct fax mail preventative function to stop unwanted faxes
- Ink Saver mode
- Copy function
- \* Based on ITU-T Standard Chart No. 1

  \*\* Full-photolithography Inkjet Nozzle Engin

# Style, speed & ease

FAX-JX500 combines enhanced performance with value for money, plus a distinctive sense of style and real ease of use.

Every aspect of this inkjet fax is designed for ease of use and efficiency. The Super G3 modem sends faxes at up to 3 seconds per page\*. Canon's FINE\*\* print head technology delivers high speed, high quality printing for both faxing and copying. And the built-in digital answering machine adds to convenience.

The 120-page\* fax memory ensures secure faxing if paper or ink runs out. Simplify paper handling with the 20-page Automatic Document Feeder and 100-page paper supply. Also stop unwanted faxes and save on ink with the direct mail preventative function.

### FAX-JX200

Benefit from reliable plain paper faxing with this highly affordable, compact and attractive inkjet fax. It features Canon's FINE\*\* Cartridge technology for high-speed, high quality printing. A range of enhanced functions ensures convenience and ease of use

- Affordable, compact and attractive
   A4 plain paper inkjet fax
- 14.4kbps modem: up to 6 seconds per page transmission\*
- 60-page\* fax memory for worry-free faxing
- 20-page Automatic Document Feeder,
   100-page paper supply
- Speed dialing: 9 one-touch/60 coded keys
- FINE\*\* technology for high speed and high quality printing
- Ultra High Quality (UHQ) imaging with
   256 grey scales for faxing in fine detail
- Direct fax mail preventative function to stop unwanted faxes
- Ink Saver mode
- Copy function

# Laser Faxes

### FAX-L2000

A heavy duty laser fax for the large, busy office. It features extra large paper capacity, storage memory and a remarkable 18 page per minute print speed.

- Super G3 for ultra-fast transmission
- 70-page Automatic Document Feeder
- 510-page standard memory\*
- 18 page per minute printing speed (1200 x 1200 dpi)
- Full Dual Access
- 72 one-touch keys
- Optional handset
- Ultra-fine Mode
- \* Based on ITU-T Standard Chart No.1

Make your business more productive with laser faxing and printing. The Super G3 modem, large fax memory and paper capacity plus Automatic Document Feeder make it ideal for heavy duty use - with Departmental ID Management to control costs and ensure security.

- Super G3 plain paper laser fax 3 seconds per page transmission\*
- 510-page\* fax memory
- 18 ppm laser printer: 600 dpi print quality
- 500-sheet paper capacity for heavy-duty use with 50-page Automatic Document Feeder
- Departmental ID Management: control your costs and ensure security by restricting fax use to authorised personnel
- Speed dialing: 31 one touch/169 coded
- Ultra High Quality imaging with 256 grey scales for faxing photos and diagrams with maximum detail
- All-in-One Cartridge
- Compact and robust design
- \* Based on ITU-T Standard Chart No.1

The i-SENSYS FAX-L380S provides high speed, high quality laser faxing and printing – complete with a range of features for ease and efficiency. Control costs and enhance security by restricting fax use to authorised staff, with the Departmental ID Management function.

- Plain Paper laser fax with Super G3 modem
- 3 seconds per page transmission\*
- 510-page\* fax memory
- 18 ppm laser printer: 600 dpi print quality
- Departmental ID Management: control your costs and enhance security by restricting fax use to authorised personnel
- 250-sheet paper capacity, 50-page Automatic Document Feeder
- Speed dialling: 31 one touch/100 coded
- Ultra High Quality imaging with 256 grey scales for faxing photos and diagrams with maximum detail
- All-in-One Cartridge
- Compact and robust design
- \* Based on ITU-T Standard Chart No.1

#### **FAX-L400**

The FAX-L400 is ideal for the busy small to medium sized office. It's simple to use and not just a fax, as it also includes a laser printer and flatbed copier function.

- A4 plain paper laser fax
- 14 page per minute, 1200 dpi enhanced print function
- Digital copier function
- Super G3 modem for ultra-fast, 3 seconds per page\* transmission
- 50-sheet Automatic Document Feeder
- 250-sheet paper supply capacity
- 250-page memory\*
- \* Based on ITU-T Standard Chart No.1

"One thing I love is playing with perspective. We found this rock arch while hiking in the Swiss Alps. Despite its towering appearance, it's really only 40cm tall."

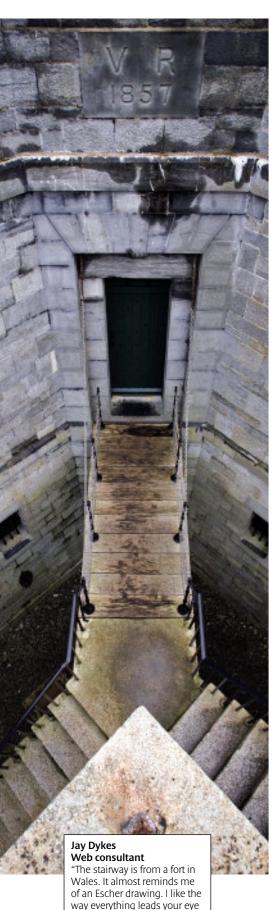

to the door - and to wonder what's behind it."

## İ-SENSYS FAX-L120

Get more for your money with high performance faxing and fast laser printing. The i-SENSYS FAX-L120 is ideal for home offices and small sized businesses that need speed, reliability, high quality output and ease-of-use, to increase productivity and cut communication costs.

- A4 plain paper laser fax
- Fast Super G3 modem, 3 sec/page\* transmission speed, to cut communication costs
- · Fast laser printing and copying: 12 pages per minute
- Large 340-page\* fax memory for secure storage if paper or toner runs out
- Ultra High Quality imaging for detailed diagrams, photos and fine text
- Easily changeable All-in-One cartridge
- Practical 150-page paper supply
- 30-page Automatic Document Feeder
- New robust & stylish design
- Based on ITU-T Standard Chart No.1

## i-SENSYS FAX-L100

The affordable i-SENSYS FAX-L100 brings fast, efficient laser faxing to busy medium and small-sized offices. Benefit from rapid and Ultra High Quality transmission, a large fax memory plus a range of convenient features - for total reliability and real ease-of-use.

- A4 plain paper laser fax
- · Fast Super G3 modem, 3 sec./page\* transmission speed, to cut communication costs
- Large 340-page\* fax memory for secure storage if paper or toner runs out
- Ultra High Quality imaging for detailed diagrams, photos and fine text
- Easily changeable All-in-One cartridge
- Practical 150-page paper supply
- 30-page Automatic Document Feeder
- Speed dialing: 15 one-touch, 100 coded numbers
- New robust & stylish design
- \* Based on ITU-T Standard Chart No.1

# Symbol Guide

**AXIS** AXIS NETWORK PRINT ADAPTOR

Allows direct connection to a network for multi-user network printing and faxing.\*

ON-DEMAND FIXING TECHNOLOGY

Canon's on-demand fixing technology springs to action when required, for almost no waiting and negligible energy use.

SUPER SUPER G3

The longer the transmission time, the more costs you incur. Super G3 faxes boast the fastest analogue transmission speed available (33.6 Kbps) - one A4 page every 3 seconds.\*\*

**ENERGY STAR** 

Meets Energy Star requirements.

UHQ UHQ256

Ensures exceptional image quality when sending fine text, diagrams and photos. 256 greyscale reproduction produces perfect halftones on faxes and copies.

**RECYCLABLE CARTRIDGES** 

Canon has a worldwide cartridge recycling programme. Material is taken from old cartridges

and used to make new ones, saving precious natural resources.

FINE FINE PRINT TECHNOLOGY

Canon's exclusive Full-photolithography Inkjet Nozzle Engineering uses thousands of tiny micro-nozzles on every print head for pinpoint precision.

\* Network faxing via AXIS only on the FAX-L400

\*\* Based on ITU-T Standard Chart No.1

#### Service Support

Canon doesn't stop at developing great products, we deliver outstanding after-sales service too. Customers can have complete confidence in their Canon technology with the following benefits;

#### Helpful, professional Customer Service Advisors

Our team are trained specifically to support Canon products over the phone in order to resolve customers enquiries quickly and efficiently. Customers can call our customer services Helpline on 08705 143723. Lines are open during normal working hours (9am – 5.30pm) and all calls are charged at standard National rates.

#### Qualified technicians

All technicians receive ongoing product training and are equipped with the tools and resources to provide a first class service.

#### **Original Components**

Canon only uses genuine spare parts and components in repairs. This ensures high product performance and protects the product warranty.

Visit www.canon.co.uk for more information.
