### "Clients rely on me."

Javanese travel agent Budi Ansyah caters to a demanding clientele in a demanding environment. To guarantee that they're all on the same page, he depends on a FAX-JX500. "This business is time sensitive. When I confirm a booking to a busy hotel, I need to know it's right there in their hands. The fax machine regularly saves the day for me and my guests."

# Fax Technology

### UHQ (Ultra High Quality)

When faxing with yesterday's technology, graphics and photos can be rendered unviewable. This is because traditional fax machines cannot differentiate shades of grey. To solve this problem, Canon introduced Ultra High Quality (UHQ) Imaging Technology. Halftone reproduction up to 256 shades of grey and an Edge Enhancement feature detect gradual changes in image density for high clarity results. With Canon, the true meaning of the word facsimile is restored.

### Canon's Unique All-in-One cartridge

Every Canon Laser Printing Product features the ground-breaking All-in-One cartridge. Completely recyclable. Simply replace the convenient All-in-One cartridge, containing toner and all essential parts, and your laser printing machine is as good as new. There's no mess, no hassle – just continuous high quality output every time you need it.

## Inkjet Faxes

### FAX-JX500

With high specification features and improved performance, this affordable Super G3 inkjet fax offers you superb value for money. Attractive, compact and easy to use, it ensures reliable plain paper faxing – complete with a built-in digital answering machine.

- Affordable, compact and attractive A4 plain paper inkjet fax with built-in digital answering machine
- 33.6Kpbs Super G3 modem: up to 3 seconds per page transmission\*
- 120-page\* fax memory for worry-free faxing
- 20-page Automatic Document Feeder, 100-page paper supply
- Speed dialling: 9 one-touch/100 coded keys
- FINE\*\* technology for high speed, high quality printing
- Ultra High Quality (UHQ) imaging with 256 grey scales for faxing in fine detail
- Direct fax mail preventative function to stop unwanted faxes
- Ink Saver mode
- Copy function
- \* Based on ITU-T Standard Chart No. 1
- \*\* Full-photolithography Inkjet Nozzle Engineering

FINE

SUPEF

### FAX-JX200

Benefit from reliable plain paper faxing with this highly affordable, compact and attractive inkjet fax. It features Canon's FINE\*\* Cartridge technology for high-speed, high quality printing. A range of enhanced functions ensures convenience and ease of use.

- Affordable, compact and attractive A4 plain paper inkjet fax
- 14.4kbps modem: up to 6 seconds per page transmission\*
- 60-page\* fax memory for worry-free faxing
- 20-page Automatic Document Feeder, 100-page paper supply
- Speed dialling: 9 one-touch/60 coded keys
- FINE\*\* technology for high speed and high quality printing
- Ultra High Quality (UHQ) imaging with 256 grey scales for faxing in fine detail
- Direct fax mail preventative function to stop unwanted faxes
- Ink Saver mode
- Copy function
- \* Based on ITU-T Standard Chart No. 1 \*\* Full-photolithography Inkjet Nozzle Engineering

## Laser Faxes

This heavy duty, network laser fax with advanced fax, copy and print functionality is able to meet the most demanding workloads. Optional SEND functionality enhances productivity and compatibility.

- Super G3 fax modem for ultra fast transmission
- 22 cpm/ppm copying/printing (A4)
- 50-page Duplex Automatic Document Feeder (45 ipm/A4) with up to A3 scanning
- Auto duplexing: fax, copy, print
- Built-in networking with RUI and PCL 5e/6 support
- Heavy duty design with 1,100-sheet max. paper capacity including 500-sheet optional cassette

JHQ

- Security: System, Dept. & User ID Management
- 1500-page\* memory, 3 hour memory back-up
- 80 Speed dials, 200 Coded dials (500 max.)\*\*
- Optional SEND functionality (scan to email/ server/i-fax)\*\*
- \* Based on ITU-T Standard Chart No.1 \*\* With optional SEND kit

#### ON DEMAND

### Heavy-duty performer

The i-SENSYS FAX-L3000IP laser fax handles heavy jobs with speed and grace, even in the most demanding network environments.

With Super G3 for ultra-fast transmission and a hefty 1,100 sheet paper capacity, Canon's i-SENSYS FAX-L3000IP network laser fax gets the job done. A 50-page Duplex Automatic Document Feeder means large, double-sided documents can simply be dropped into place for instant scanning, copying or faxing.

Built-in networking integrates smoothly into office networks and optional SEND functionality scans directly to email, servers or i-fax. User ID Management monitor and reports on multiple users.

#### **İ-SENSYS** FAX-L3000

This heavy duty laser fax with advanced fax and copy functionality is ideal for large, busy offices. A large paper capacity, duplexing and optional networking ensure maximum productivity.

- Super G3 fax modem for ultra fast transmission
- 22 cpm copying
- 50-page Duplex Automatic Document Feeder (37 ipm)
- Automatic double-sided faxing, copying
   and printing\*\*
- Heavy duty design with 1,100-sheet max. paper capacity including 500-sheet optional cassette
- Security: System, Dept. & User ID Management
- 512-page\* memory (1500 max.)\*\*, 3 hour memory back-up
- 80 Speed dials, 200 Coded dials
- Ultra High Quality 256 greyscale imaging
- All-in-One cartridge
- Optional printing, PC faxing and networking\*\*
- \* Based on ITU-T Standard Chart No.1 \*\* With optional print kit

Authent LASER CARTRID	••• UH	ON DEMAND
ENERGY STAR		CESTIFIED USB

- Super G3 plain paper laser fax 3 seconds per page transmission\*
- 510-page\* fax memory
- 18 ppm laser printer: 600 dpi print quality
- 500-sheet paper capacity for heavy-duty use with 50-page Automatic Document Feeder
- Departmental ID Management: control your costs and ensure security by restricting fax use to authorised personnel
- Speed dialling: 31 one touch/169 coded dial keys
- Ultra High Quality imaging with 256 grey scales for faxing photos and diagrams with maximum detail
- All-in-One cartridge
- Compact and robust design
- \* Based on ITU-T Standard Chart No.1

#### **İ-SENSYS** FAX-L380S

The i-SENSYS FAX-L380S provides high speed, high quality laser faxing and printing – complete with a range of features for ease and efficiency. Control costs and enhance security by restricting fax use to authorised staff, with the Departmental ID Management function.

- Plain Paper laser fax with Super G3 modem

- 2-line backlight display
- Copying: 12 copies per minute zero warm up time from sleep mode
- Energy efficient only 3 watts in sleep mode

\* Based on ITU-T Standard Chart No. 1

#### Fax Terms

	Inkjet	Laser		Inkjet	Laser
Modem Speed The higher the modem speed, the faster a fax message can be transmitted, saving costs (when receiving fax machine has a matching modem speed).	•	•	<b>Error Correction Mode</b> Ensures both incoming and outgoing faxes are clear, even if the telephone line is poor.	•	•
Memory Lets you store faxes before you send them, reducing the time spent waiting to fax. If paper or ink runs out, incoming faxes are saved to the memory, so you can print them out later. You never miss a fax.	•	•	<b>Department ID Management</b> Control your costs and enhance security by restricting fax use to authorised personnel.		•
<b>One-touch/Speed Dial</b> Send a fax with just one keystroke. Useful for frequently dialled destinations.	•	•	Ink/Toner Saver Mode Saves ink/toner, reducing running costs.	•	•
<b>Delayed Transmission</b> Allows you to send a fax out later during low-rate call hours, saving costs.	•	•	Network Management Tools Network administrators or users can maintain and monitor the machines remotely. Facilitate printer management and reduces administration costs.		•
Sequential Broadcast Sends the same fax message to more than one destination. Dual Access	•	•	See specifications for applicability per product.		
Allows you to send and receive faxes at virtually the same time.

### Symbol Guide

Canon Recyclable Cartridges. Since 1990, Canon has a worldwide cartridge recycling program. Canon's toner cartridge recycling program is a zero landfill program in which every component of a used toner cartridge is reused or recycled, saving precious natural resources. See more on www.canon.co.uk/recycling

Energy Star indicates Canon products meet Energy Star requirements.

FINE print heads (Full-photolithography Inkjet Nozzle Engineering) use micro-nozzles to eject microscopic ink droplets with pinpoint precision.

Canon's on demand fixing technology springs to action when required, for almost no waiting and no negligible energy use.

SUPER G3: the longer the transmission time, the more costs you incur. Super G3 faxes boast the fastest analogue transmission speed available (33.6 Kbps) – one A4 page every 3 seconds.

UHQ ensures exceptional image quality when sending fine text, diagrams and photos. 256 greyscale reproductions produce perfect halftones on faxes and copiers.

Certified USB and Certified Hi-Speed USB connectivity provides a fast, easy connection between product and computer.

Authentic Canon Laser Cartridges give you reliable high quality prints.
