

The ultimate direct photo printer for the photography enthusiast.

Key Selling Features

- Print your photos directly from compatible digital cameras, memory cards or mobile phones
- Features a huge 3.5 inch colour LCD screen for viewing images stored on your memory card
- Variety of retouch functions including red-eye correction - no computer required
- Ultra-sharp 1 picolitre FINE technology results in enhanced shading and precise detail for superb images
- Produce high-definition photos & documents at up to 9600 x 2400 dpi¹
- Features a 6-colour individual ink system with Photo Cyan and Photo Magenta for more vivid images
- Print true borderless photos up to A4 size
- Print a borderless 6" x 4" photo in approximately 47 seconds²
- Prints directly onto printable surface CDs and DVDs
- Built-in automatic duplex unit for convenient double sided printing
- Features a dual paper path - perfect for easy switching between plain and photo paper without having to re-load each time

Short Description

The PIXMA iP6700D photo printer is like having a photo printing kiosk at home. Print your photos directly from compatible digital cameras, memory cards or mobile phones with no need for a computer. The huge 3.5 inch colour LCD screen and easy-to-use operation panel allow you to view, edit and enhance your images before you print them – all without a PC. Media handling of the iP6700D printer is state-of-the-art with automatic duplex, dual paper path (ASF and paper cassette) holding up to 300 sheets and CD/DVD printing.

ChromaLife100

A beautiful photograph is something worth keeping forever. Now with ChromaLife100, the photos you print at home can maintain all their vibrancy and colour for 100 years³. The combination of genuine Canon ChromaLife100 ink and selected Canon photo papers lets you print long-lasting photos of unrivalled quality. Thanks to ChromaLife100, the precious memories in your albums will still be bright and fresh a century from now. Canon has a range of specialty photo papers that's suitable for virtually every photo size and use. To ensure you gain all the long-lasting benefits of ChromaLife100, make sure you choose Canon's Photo Paper Pro, Photo Paper Plus Glossy, Photo Paper Plus Semi-gloss or Glossy Photo Paper.

Convenient Direct Photo Printing – No Computer Required

- Print directly from compatible digital cameras using PictBridge technology⁴
- Print your photos directly from compatible memory cards⁵
- Print photos wirelessly from compatible mobile phones via infrared (IrDA - JPEG only). Or print via Bluetooth with the optional BU-20 adaptor
- Features a huge 3.5 inch colour LCD screen and easy-to-use operation panel allowing you to view, edit and enhance your images before you print them
- Some exciting direct print functions include Face Brightener, Noise Reduction, Vivid Photo, Red Eye Correction, Layout Print, Sticker Print, Trimming, CD/DVD Label Print and adjustments for brightness contrast & colour hue

Superior Quality Photos & Documents

- Ultra-sharp 1 picolitre FINE technology results in enhanced shading and precise detail for superb images
- Produce high-definition photos & documents at up to 9600 x 2400 dpi¹
- Features a 6-colour individual ink system with photo cyan and photo magenta for more vivid images
- Print a borderless 6" x 4" photo in around 47 seconds²
- USB 2.0 Hi-Speed interface ensures fast data transfer, so you won't waste time waiting⁶

Easy-to-Use Software

- Easy-PhotoPrint – a user-friendly application for printing out digital photos, retouching portraits and lab quality trimming. Features within this software include Blemish remover, Face Sharpener and Face Brightener
- Easy-WebPrint ^ - automatically adjusts the size of the webpage you want to print to ensure it fits on a sheet perfectly, eliminating waste and frustration⁷
- PhotoRecord ^ - makes it easy for you to create beautiful photo albums complete with captions and creative layouts
- CD-LabelPrint - allows quick and easy printing directly onto printable CDs and DVDs

^ Windows only

PIXMA iP6700D Inkjet printer, CD Tray, Setup Software & User's Guide CD-ROM, 6 individual ink tanks (CLI-8C, CLI-8M, CLI-8Y, CLI-8Bk, CLI-8PC, CLI-8PM), Print-head, 12 months warranty card, Power cord

* Ink yield calculation is based on printing Canon 24 standard digital images on Photo Paper Plus Glossy (6" x 4" borderless print) with default settings in Windows XP driver. The figure above is an average value, measured when printing continuously using the ink immediately after it is unsealed, until the ink is out. Ink yield may vary depending on photos printed, applications software used, print mode and type of paper used. This should be used as a guide only and does not take into account ink that might be used for head cleaning or head refreshing to maintain printer performance. Please visit our website for further details.

1. Ink droplets can be placed with a pitch of 1/9600 inch at minimum.
2. Print speed dependent on system configuration, image/document complexity, type of paper used, software, print mode and does not take into account data processing time on host computer.
3. Up to 100 Years' Life in a Photo Album when printed with ChromaLife100 ink on selected Canon photo papers. Kept in a photo album, shut out light and air (gas), temperature 23 degrees and 50% humidity. Predicted value from the accelerated test. Result may vary based on individual environmental factors. For more information, please visit canon.com.au/ChromaLife100
4. PictBridge camera direct printing requires PictBridge compatible digital cameras in order to function. Check with your digital camera manufacturer or users guide to determine PictBridge compatibility.
5. Compatible memory cards include CompactFlash®, Microdrive, SmartMedia®, Memory Stick®, Memory Stick PROTM, SD CardTM and MultimediaCard® (v3.31). Note: xD-Picture CardTM, Memory Stick DuoTM, Memory Stick Pro DuoTM, miniSD Card and RS-MMCTM (v3.31) can only be used with the addition of a special adaptor sold separately – ask your memory card supplier.
6. USB 2.0 Hi-Speed performance requires Windows XP with Service Pack 1 or Windows 2000 with Service Pack 4 with pre-installed USB 2.0 Hi-Speed port.
7. Easy-WebPrint requires Microsoft Internet Explorer version 5.5, version 6.0 recommended.

All specifications may change without any notice.
