Operation Guide ANALOG (MAB) CASIO

• Your watch may differ somewhat from the one shown in the illustration. Notes

- Some water resistant models are equipped with a screw lock
- crown. •
- crown. With such models, you must unscrew the crown in the direction noted in the illustration to loosen it before you can pull it out. Do not pull too forcibly on such crowns. Also note that such watches are not water resistant while their crowns are loosened. Be sure to screw the crowns back in as far as they will go after making any setting.

[Module 5128]

To set the time

- When the second hand is at 12 o'clock, pull out the crown to the second click to stop it.
