This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instruction may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.
 Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

· Consult the dealer or an experienced radio/TV technician for help.

FCC WARNING

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate

TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, REFER SERVICING TO QUALIFIED SERVICE PERSONNEL

Parents should please note the following important information before letting children use this product.

Before using the AD-E95100L adaptor to power the unit, be sure to check the AC adaptor for any damage first. Carefully check the power cord for breakage, cuts, exposed wire and other serious damage. Never let children use an AC adaptor that is seriously damaged.

Never attempt to recharge batteries.

Do not use rechargeable batteries.
Never mix batteries of different types.

· Never mix old batteries with new ones.

Use recommended batteries or equivalent types.
Always make sure that positive (+) and negative (-) poles are facing correctly as indicated near the battery compartment.

 Replace batteries as soon as possible after any sign they are getting weak Do not short-circuit the battery terminals.
The product is not intended for children under 3 years.

Use only CASIO AD-E95100L adaptor.

The AC adaptor is not a toy.
Be sure to disconnect the AC adaptor before cleaning the product.

This mark applies in EU countries only.

6 Getting Ready

Power Supply

Prepare a household power outlet or batteries.

N IMPORTANT!

. Be sure to comply with the "Safety Precautions" provided in this manual. Incorrect use of this product creates the risk of electric shock and fire.

 Always make sure that the Digital Keyboard is turned off before plugging in or unplugging the AC adaptor, or before loading or removing batteries.

Using a Household Power Outlet

Make sure that you use only the AC adaptor specified for this keyboard. Use of a different type of AC adaptor can cause malfunction.

Specified AC Adaptor: AD-E95100L

(N) IMPORTANT!

· The AC adaptor will become warm to the touch after very long use. This is normal and does not

 To prevent breaking of the wire, take care to avoid putting any type of load on the power cord.

You can use six AA-size batteries for power Use alkaline or zinc-carbon batteries.

Never use oxyride or any other nickel based batteries

Open the battery cover on the bottom of the Digital Keyboard, load the batteries, and then close the cover o ends of the batteries are facing correctly.

N IMPORTANT

 Battery life is approximately six hours of continuous use (based on zinc-carbon batteries normal play). Any of the symptoms below may indicate batteries are low and need to be replaced as soon as possible.

● Dim display. ● Distorted sound. ● Sudden, unexpected unding of keyboard notes or demo songs. Abnormal play of built-in songs, etc.
Sudden, unexpected failure of notes to sound

NOTE

The Digital Keyboard will turn off automatically to preserve battery power if you do not perform any operation for about six minutes (Auto Power Off). Hold down the TONE button while turning on the keyboard to disable Auto Power Off.

Using Headphones or Audio Equipment

Connect headphones or audio equipment to the PHONES/OUTPUT jack on the back of the Digital

 If the plug you are using does not match the jack, use a commercially available adaptor plug.

<u>🚺 IMPORTANT!</u>

· Do not listen to very high volume output over headphones for long periods. Doing so creates the risk of hearing damage.

When connecting a musical instrument amplifier, set the Digital Keyboard volume to a low level and use the amplifier's volume control to adjust to the desired volume level

6 Safety Precautions

Before using the instrument, be sure to carefully read through the instructions contained in this manual

Symbols

Various symbols are used in this user's guide and on the product itself to ensure that the product is used safely and correctly, and to prevent injury to the user and other persons as well as damage to property. Those symbols along with their meanings are shown below.

⚠ DANGER

This symbol indicates information that, if ignored or applied incorrectly, creates the danger of death or serious personal

⚠ WARNING

This indication stipulates matters that have the risk of causing death or serious injury if the product is operated incorrectly while ignoring this indication

⚠ CAUTION This indication stipulates matters that have the risk of

causing injury as well as matters for which there is the likelihood of occurrence of physical damage only if the product is operated incorrectly while ignoring this indication

Symbol Examples

This triangle symbol (\triangle) means that the user should be careful. (The example at left indicates electrical shock caution.)

This circle with a line through it ((\infty)) means that the indicated action must not be performed. Indications within or nearby this symbol are specifically prohibited. (The example at left indicates that disassembly is prohibited.)

The black dot (●) means that the indicated action must be performed. Indications within this symbol are actions that are specifically instructed to be performed. (The example at left indicates that the power plug must be unplugged from the electrical

⚠ DANGER

Alkaline Batteries

Perform the following steps immediately if fluid leaking from alkaline batteries ever gets into your eyes.

1. Do not rub your eyes! Rinse them with water.

Contact your physician immediately.

Leaving alkaline battery fluid in your eyes can lead to
