# COOKING TIPS & HINTS

- Preheat the oven in the closed position before cooking.
- Heating times may vary based on a number of factors. The selected temperature, the current temperature of the oven, and the oven contents can all affect heatup time.
- Always use caution when opening the top cover during cooking.
- We recommend you use long tongs when adding and removing food from the hot oven.
- An instant-read thermometer or a probe-type thermometer is a handy tool for checking the internal temperature of cooked meats.

## BROWN/SAUTE TIPS

- Brown and sauté as you would in a skillet pan on the stove.
- Browning and sautéing generally only require bottom heat.
- You can brown and sauté in either the fixed bottom pan or the removable baking pan. The fixed pan allows for more direct heat, while the removable baking pan allows for easier cleanup. If you choose to use the removable baking pan, we recommend you cook with the oven lid closed for maximum heat performance. Only open the lid to turn or stir food.
- For even browning, it is important not to crowd the oven. Foods should be cooked in an even layer, so it is good to cook foods in batches when necessary.
- Many recipes call for browning and sautéing foods before roasting. Some items produce more grease and fat than is desired in the finished dish. Remove any excess grease by carefully disposing of it using potholders.
- When browning meats, any brown bits that are left in the bottom of the pan can be used to flavor the dish. Simply add a small amount of liquid (like wine or broth) to the pan and scrape up the browned bits with a wooden spoon – leave in the

oven and incorporate into the dish or sauce.

## ROASTING TIPS

- Roasting generally requires both top and bottom heat.
- To roast, we recommend you use the Roast/Steam rack in the removable baking pan.
- For smaller foods, use the rack in the upper position; for larger foods, use the rack in the lower position.
- Foods like meat and poultry benefit by browning first on all sides before roasting to caramelize the exterior and lock in flavors.
- For easy food release, spray Roast/Steam rack with nonstick cooking spray before roasting.

## STEAMING TIPS

- Steaming is one of the healthiest methods of cooking, as the smallest amount of nutrients are lost in the cooking process.
- Steaming generally requires only bottom heat.
- To steam, we recommend you use the Roast/Steam rack in the removable baking pan.
- For smaller foods, use the rack in the upper position; for larger foods, use the rack in the lower position.
- To steam, fill the oven with about 1 cup of water unless otherwise indicated. You can also use broths with aromatics such as whole spices and citrus to impart a subtle flavor on the steamed foods.
- When adding heavier foods to the Roast/Steam rack, place them on the middle of the rack and work your way to the edges.

---

## BAKING TIPS

- Baking generally requires both top and bottom heat.
- To bake, we recommend you use either the removable baking pan or the removable cupcake pan.
- When baking cakes, breads and casseroles, lightly coat the pan with butter, oil or nonstick cooking spray for easy release.
- When baking cupcakes or muffins, line each slot of the cupcake pan with cupcake liners, or lightly coat the pan with butter or nonstick cooking spray.

## Silver Dollar Pancakes

Dusted with confectioners' sugar and served with fresh berries, these pancakes make an elegant breakfast.

Makes about twelve 2-inch diameter pancakes

- 1** large egg, room temperature
- $\frac{1}{2}$  cup reduced fat milk
- $\frac{1}{4}$  teaspoon pure vanilla extract
- $\frac{1}{2}$  cup unbleached, all-purpose flour
- $\frac{1}{2}$  tablespoon baking powder
- $\frac{1}{2}$  tablespoon granulated sugar
- $\frac{1}{4}$  teaspoon table salt
- 1** tablespoon unsalted butter, melted and cooled to room temperature

1. Fit the Cuisinart® Oven Central™ with baking pan if desired. Preheat to 350°F with the top element off.
2. Whisk the egg, milk and vanilla in a small bowl to blend until smooth; reserve.
3. Combine flour, baking powder, sugar and salt in a medium bowl. Stir with a whisk to blend. Add the egg/milk mixture and stir until just blended. Stir in the melted, cooled butter. Do not over-mix or pancakes will be tough.
4. Once unit has preheated, fill a  $\frac{1}{4}$  cup measuring cup halfway and drop batter evenly onto the hot pan. Cook pancakes until bubbles form, about 2 to 3 minutes; flip and cook until done, about 1 to 2 minutes longer.
5. As you finish each batch of pancakes, keep them warm by placing them on a baking sheet and in a traditional oven set to low (200°F). Repeat until all the batter is used.
6. Transfer to warm plates to serve.

# Lemon Chicken with Rosemary

This dish is definitely for the lemon lovers out there.

Makes 2 servings

- 4 **bone-in chicken thighs with skin (about 1 to 1½ pounds), trimmed of excess visible fat**
- ¾ **teaspoon kosher salt, divided**

# Vegetable Fried Rice

A healthier version of the take-out favorite.

- 1 **cup snow peas, trimmed and cut into 1-inch pieces**
- 1 **garlic clove, finely chopped**
- 1 **½-inch piece fresh ginger, peeled and finely chopped**
- 2 **cups cooked jasmine rice, chilled**
- 1 **large egg, lightly beaten**
- ½ **teaspoon rice vinegar**
- 2 **teaspoons sesame oil**

- ¼ **cup thinly sliced scallions**
- pinch **sea or kosher salt**
- 1 **tablespoon chopped fresh cilantro**

1. Fit the Cuisinart® Oven Central™ with baking pan if desired. Preheat to 350°F with the top element off.

## Sautéed Broccoli Rabe

The Oven Central™ does a quick job of making this broccoli rabe delicious and tender.

Makes 2 servings

- 3 ounces (1 link) cooked sweet Italian sausage cut into ¼-inch slices (optional)**
- 2 to 3 teaspoons extra virgin olive oil (depending on whether or not sausage is being used)**
- 4 garlic cloves, sliced**
- ⅛ teaspoon crushed red pepper**
- ½ large bunch broccoli rabe (approximately ½ pound), rinsed and trimmed**
- ¼ to ½ teaspoon kosher salt, or to taste**
- ½ cup cooked garbanzo beans or cannellini beans**

1. Fit the Cuisinart® Oven Central™ with baking pan if desired. Preheat to 400°F with both the top and lower elements on.
2. If using the sausage, put into the hot pan and sauté until slightly crisp and warmed through, about 5 minutes. Remove and reserve.
3. Add oil (as much as needed depending on whether or not oil is leftover from the sausage. You will get about 1 teaspoon of oil from the sausage) to the pan with the garlic and crushed red pepper. Once garlic begins to sizzle, stir constantly with a wooden spoon. After about 3 minutes add the broccoli rabe, ¼ teaspoon of salt and 1 tablespoon of water if the broccoli rabe is dry; close oven lid.
4. Cook for about 6 to 10 minutes and then stir in the beans and reserved sausage, if using. Close and cook for an additional 5 minutes before serving. Taste and adjust seasoning if necessary (you may need additional salt if you did not cook with the sausage).

## Baked Pasta with Broccoli and Peppers

Not heavy, but definitely packed full of flavor. We love the look of the gemelli, but any short, hollow pasta shape will work.

Makes 6 to 8 servings

- 1**      **teaspoon extra virgin olive oil**
- 2**      **garlic cloves, finely chopped**
- ½**      **medium red onion, chopped**
- ½**      **bell pepper, cut into ½-inch slices**
- ½**      **teaspoon sea or kosher salt, divided**
- pinch freshly ground black pepper**
- 4**      **ounces broccoli florets**
- 1**      **cup water**
- ½**      **pound dried gemelli, cooked al dente**
- 3**      **ounces soft goat cheese, at room temperature**
- 4**      **ounces Emmental (Swiss) or other medium-soft cheese, shredded**
- 2**      **tablespoons grated Parmesan**
- 4 to 6** **basil leaves, thinly sliced**
- nonstick cooking spray**

- Fit the Cuisinart® Oven Central™ with baking pan to 400°F with the top element off. Add the garlic, red onion, pepper, ¼ teaspoon of the salt and all of the black pepper. Sauté until vegetables are softened, about 3 minutes. Remove and reserve in a large mixing bowl. Carefully wipe surface of pan dry.
- Place the baking pan fitted with the cooking rack to higher position in the unit with the spokes facing down. Add the water and

close cover. When the water boils, place the broccoli on the rack. Allow to steam for 2 to 3 minutes, or until crisp-tender. Carefully remove broccoli and place in large mixing bowl with the sautéed vegetables.

- Carefully remove the rack, pour out the water, and dry the baking pan; close cover and reduce heat to 325°F. Lightly coat the pan with the nonstick cooking spray.
- Add the remaining ingredients, including the remaining salt, to the bowl with the vegetables. Toss to combine and then transfer to the prepared baking pan.
- Once oven is ready, place the filled pan in the oven. Bake 30 to 35 minutes, or until ingredients are fully warmed through and cheese is melted.
