

USB 2.0 Fast Ethernet Adapter

Features and Benefits

● **True 10/100Mbps Network Connectivity**

Experience true 10/100Mbps network performance with the DUB-E100. The DUB-E100 provides Hi-Speed USB 2.0 connectivity to your LAN at 480Mbps¹, making it possible to utilize the full capacity of your Local Area Network or broadband connection.

● **Hi-Speed USB 2.0 Compatible**

Hi-Speed USB 2.0 provides 480 Mbps¹ transfer speeds for fast data transfer of digital content. At 40 times faster than the speed of USB 1.1, USB 2.0 moves your data quickly to and from your computer and USB 2.0 peripheral products.

● **Auto 10/100Mbps Speed Detection**

The D-Link DUB-E100 incorporates NWAY auto-negotiation, making it easier than ever to connect your computer to your LAN or broadband connection. The auto-sensing 10/100 Mbps RJ-45 Port detects whether your Ethernet switch or hub is operating at 10 or 100 Mbps and runs at the appropriate speed.

● **Plug-&-Play**

With Plug-&-Play installation, the DUB-E100 is easy to set up. Simply plug the DUB-E100 into a USB 2.0 port on your computer, install the drivers provided on the driver CD, and you are ready to go.

● **Compatible with Microsoft[®] Windows XP, Me, 2000 and 98SE**

The DUB-E100 ensures compatibility with your computer and interoperability with your existing networking products by providing drivers for the most common and popular operating systems.

1: Maximum transfer rate based on USB 2.0 specification.
Actual data throughput will vary.
