Game Screens

The **Top Screen** displays important information and the **Touch Screen** is where the action happens.

- *Gold Heart Counter* – This indicates the number of Gold Hearts you've collected.
- *Cell Phone* – Tap the Cell Phone icon to open your To-Do List or access the Map.
- *Jonas Power Meter* – Fill up the JONAS Power Meter to perform Guitar Action Riffs.
- *Guitar Pick Icon* (Upper Right Corner) – Tap the guitar pick to select from six different Guitar Action Riffs.
- *Style Factor/Wear n' Tear* (Lower Right Corner) – Style Factor stars show how fashionable an outfit is; the Wear n' Tear meter shows how new it is.
- *JONAS Headshot* (Lower Left Corner) – Tap the headshot of the active JONAS band member to examine wear and tear on his outfit. Tap the arrows to play as another JONAS band member.

The JONAS Band Members

You can play as Nick, Joe or Kevin. To switch from band member to band member, tap the JONAS band member headshot in the lower left corner of the **Touch Screen**. Tap the left or right arrows to find and select a JONAS band member.

Guitar Action Riffs

The JONAS Power Meter has to be full before you can start playing (collect blue music notes to fill it up). When you're ready, tap the guitar pick icon in the upper corner of the **Touch Screen**.

Guitar Play Controls

Action Riff Select	L Button/R Button
Action Riff Notes	+Control Pad
Guitar Strings	Tap Touch Screen with stylus

When the music starts, watch the **+Control Pad** icons on the **Top Screen** – think of them as musical notes – and perform the same note on your **+Control Pad**. When the **+Control Pad** musical note crosses the center of the **Top Screen**, “strum” across the guitar strings on the **Touch Screen** with your **stylus**.

After you successfully play the Guitar Action Riff, you will return to Story Mode where you can see the impact of the Guitar Action Riff.

Guitar Action Riffs

All three JONAS band members can play Amped and Reverb. You can help each brother learn their own special Guitar Action Riffs as the game progresses.

- **Amped**
Amped gives other characters, including fans, a boost of energy and activates some objects.
- **Reverb**
Reverb causes some machines, such as escalators and conveyor belts, to run backwards.

Kevin's Special Guitar Action Riffs

- **Distortion**
Kevin can use this Guitar Action Riff to distort or change something about an object. Try this Guitar Action Riff to wedge open locked gates.
- **Cover**
This Guitar Action Riff makes Kevin invisible to his fans. While invisible, Kevin can only walk or jog.

Joe's Special Guitar Action Riffs

- **Power Slide**
With the Power Slide Guitar Action Riff, Joe can slide under low ledges and other obstacles. Plus, he's invulnerable while the Guitar Action Riff is in effect.
- **Charm**
When fans are just too close, Joe's Charm Guitar Action Riff leaves them "star struck" and temporarily unable to move. Use this to escape from fans.

Nick's Special Guitar Action Riff

- **Power Chord**
Nick's Power Chord grants him the ability to jump extra, extra high.

JONAS Guitar Action Riff

Combines the powers of all Guitar Action Riffs into one ability.

Guitar Action Riff Effect

A Guitar Action Riff effect will last as long as part of the JONAS Power Meter remains blue. When the meter runs out, the effect ends.

Tap the Guitar Pick icon to stop a Guitar Action Riff at any time. If you do so before the JONAS Power Meter runs out, you can save some JONAS Power for later use.

Music Performances

JONAS band members can obviously play more than simple guitar riffs – they perform the hottest hits for their fans!

Perform on the Guitar

Watch the **+Control Pad** icons as they fall from the top of the **Touch Screen** and across the guitar strings. As the icons cross the strings, press the corresponding “note” on your **+Control Pad** (Left, Right, Up, or Down), and strum or tap the strings as the icons pass the marker.

To clear a song and advance to the next episode, fill the bar until the lighting on the set changes color.

Choose Performance from the Story Mode menu to play a song you have cleared whenever you like. You can replay a song at higher difficulty levels to really test your chops.

The JONAS Fans

The JONAS band members have a ton of fans. Most of the time adoring fans are great to have, but sometimes they get a little over-enthusiastic. Excited fans will try to steal a piece of clothing, which causes unexpected wear and tear on the band members' outfits.

When the JONAS band members are out and about, keep an eye open for fans and try to maintain some distance. Once a band member has been noticed, run! And if running doesn't work, tap the guitar pick icon and distract fans with a Guitar Action Riff so you can make your getaway.

Fashion

The JONAS band members are keenly aware that clothes make the man. Not only must their outfits be stylish, they must also be in good condition. With so many fans wanting to snatch a piece of their clothing, it's no surprise that their outfits endure so much wear and tear. Fortunately, outfits can be exchanged and repaired. To do so, just visit the Stellavator in the Firehouse Loft.

Change Clothes

Once in the Stellavator, you put together an outfit by choosing pieces from four categories: Shirts, Pants, Shoes, and Accessories. Tap a category to review your options and then drag and drop an icon onto the avatar to wear it.

Repair Clothing

When a piece of clothing has taken too much wear and tear, visit the Stellavator and make it look like new again.

Collectibles

The JONAS band members find musical inspiration almost everywhere. Look for objects that appear to have black music notes floating out of them. Tap those objects on the **Touch Screen** to release the musical notes hidden inside.

Collect the blue notes to fill the JONAS Power meter.

Gold hearts are the most precious collectible of all. Collect these from JONAS band member fans after performing the Amped Guitar Action Riff. Trade gold hearts at Misa's Pieces in exchange for clothing and special items.

Saving the Game

Your **Disney JONAS** game saves automatically after important milestones and key story events. You can also save at anytime by visiting the Smoothie Stations in the game and following the on screen prompts.
