IMPORTANT SAFETY INSTRUCTIONS

Read Before Using!

Please keep for future reference.

When punching;

- always ensure the machine is on a stable surface
- test punch scrap sheets and set the machine before punching final documents
- remove staples and other metal articles prior to punching
- never exceed the machines quoted performance

When binding;

- take care, potential pinch point

SET UP

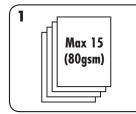

1. Ensure the machine is on a stable surface.

BEFORE YOU BIND

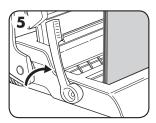

1. Select the correct wire comb diameter using the comb storage tray.

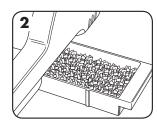

STEPS TO BIND

1. Punch sheets in small batches that do not overload the machine or user.

5. Lift the wire closing lever forwards. The closing scale guide is on the moving jaw. Close the jaws until the wire gauge shows the size of wire being closed.

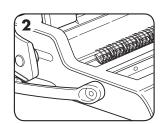

2. Check waste tray is empty and correctly fitted.

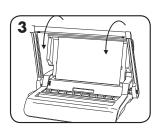

3. Lift the lid. Ensure the wire closing lever is pushed backwards.

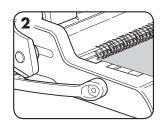

4. Lift the punch handle to its upright position.

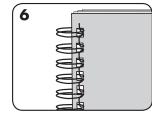

2. Hang the selected wire comb onto wire comb support.

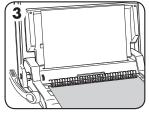

3. Test punch scrap sheets to check edge guide setting.

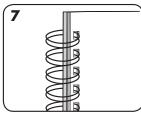

2. Starting with the rear cover. Load punched sheets directly onto the hanging open wire comb.

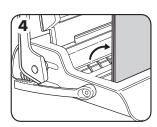

6. Check the closed seam. If the seam is not closed correctly, the document can be placed into the jaws and closed again.

3. Punch and hang the front cover. Punch and hang the remaining sheets.

7. To hide the seam, turn the rear cover backwards. The front cover is now visible. The seam is hidden inside the document.

4. Lift the wire comb upwards off the hooks. Carefully place into the open wire closing mechanism. Ensure the wire comb is open and touching the bottom of the mechanism.

8	
	X
	••

8. Check wire seam closure is complete. Loose binding allows sheet loss. Good closure retains all sheets.

CORRECTING A BOUND DOCUMENT

Wire binding is a secure binding system. Additional sheets cannot be added unless the document is disassembled and then re-bound.

STORAGE

Lower the punch handle to the horizontal position. Lower the lid.

TROUBLESHOOTING

REMOVAL OF WASTE CLIPPINGS

The waste tray is located under the machine and is accessed from the right side. For best results empty the tray regularly.

INCODEDITION				
Problem	Cause	Solution		
Punched holes are not central	Edge guide not set	Adjust edge guide until hole pattern is correct		
Machine will not punch	Blockage	Check waste tray in empty. Check for blockage to paper entry		
Punch holes are not parallel to edge Debris is stuck below dies		Take stiff cardboard and slide into the paper entry. Move the cardboard sideways to release any stray clippings into the waste tray		
Partial holes	Sheets not correctly aligned to punch pattern	Adjust edge guide and test punch scrap sheets until correct		
Damaged hole edges	Possibly overloading the machine	Punch plastic covers with paper sheets. Reduce number of sheets being punched		
Waste tray leaks	Waste tray is not correctly inserted or 'burst feature' has activated	Check waste tray is empty and 'burst feature' is closed		
Sheets fall out of document	Wire comb is not closed enough	Check closure of wire comb. Place into closing mechanism and improve binding closure.		

WARRANTY

Fellowes warrants all parts of the binder to be free of defects in material and workmanship for 2 years from the date of purchase by the original consumer. If any part is found to be defective during warranty period, your sale and exclusive remedy will be repair or replacement, at Fellowes' option and expense, of the defective part. This warranty does not apply in cases of abuse, mishandling or unauthorised repair. Any implied warranty, including that of merchantability or fitness for particular purpose, is hereby limited in duration to the appropriate warranty period set forth above. In no event shall Fellowes be liable for any consequential damages attributable to this product. This warranty gives you specific legal rights. You may have other legal rights that vary from this warranty. The duration, terms and conditions of this warranty are valid worldwide, except where different limitations, restrictions or conditions may be required by local law. For more details or to obtain services under this warranty, please contact Fellowes or your dealer.
