15" Drawer Pedestal Installation

Elevates dryer height to 51 ¼". For detailed pedestal installation, refer to instructions included with pedestal or on web. **Note:** Pedestal Installation requires modified utility hookup locations. For details, refer to Product Installation Guide on web.

Built-In Installations

For built-in installations, NO minimum clearance required around sides or backs of units. For closet installation, allow additional 1" clearance between fronts of units and door. Location of plumbing, exhaust and utility hookups MUST be considered in built-in installations. For additional installation details, refer to Product Installation Guides on web.

Side-by-Side Units in Under-Counter Installation Can be installed with standard countertop and/or cabinetry.

* To achieve minimal installation depth dimensions, dryer MUST be vented straight back.
