

The AVIAMO™ P65FT00AUB
65" Full HD 1080p Plasma Display

Introducing the 65" AVIAMO 1080p Plasma Display from Fujitsu. This new model combines the ultimate in aesthetic elegance and refinement with today's most advanced image-enhancing capabilities. With its rich contours and stylish cosmetics designs, this display would not be out of place in a museum of modern art, and with its leading edge *AVIAMO III* image processing it virtually redefines flat-panel picture quality as well. And because 1080p processing is integrated into every step of image reproduction, and features all digital-to-digital conversion from signal capture to onscreen display, image quality is literally as good as it gets, from both current video sources and future high-definition formats.

- 1080p Resolution Plasma Display
- *AVIAMO III* Video Processing
- High Definition Resolution
- Digital Cable Ready (DCR) Tuner
- TV Guide On Screen® Program Guide
- Dual HDMI Inputs
- RS232 Control Connectivity
- 3-Year Inclusive Warranty
- CableCARD™ Slot

AVIAMO™

Specifications

Model	P65FT00AUB
Screen Size (Diagonal)	65" diagonal
Screen Dimensions (WxH) in.	56-7/16 x 31-3/4
Dimensions (WxHxD) in.	62-11/16 x 38-3/16 x 3-15/16*
Weight (lbs)	167.6
Pixel Count	1920 x 1080
TV Standards Supported	NTSC, ATSC
Video Inputs	Video x 1, HDMI x 2, S-terminal x 1, Component x 2
RGB Mode	VGA, WVGA, SVGA, XGA, WXGA, SXGA
Component Video Mode	SDTV 480i, 480p / HDTV 720p, 1080i
Computer Inputs	RGB 15-pin x 1
Antenna Input	F-type connector x 2 (1 terrestrial, 1 cable)
Built-In Speaker Output	Max. output: 12W + 12W, 4 ohm
Audio Inputs	RCA terminal (L/R) x 3 sets, 0.5 Vrms
Audio Output	Optical Digital, Stereo RCA Type Analog
Power Source	110 - 240 V, AC 50/60 Hz
Language (OSD)	English, Spanish, French
Included Accessories	User's manuals, 1 power cable, 1 remote control
Optional Accessories	
Wall Bracket	P-65AVI-B
Black Desk Stand	P-TT6500-B

* This is the depth of the main set cabinet. A small input housing adds 2-3/16" for a total depth of 6-1/8". This housing does not effect mounting depth when using the optional Fujitsu P-65AVI-B accessory wall bracket. Specifications are subject to change without notice for further improvement. Please go to www.plasmavision.com to view the latest specifications, accessory information and the full AVIAMO line-up.

Input / Output Array

AVIAMO Digital Video Processing

The AVIAMO system has been specifically enhanced for 1080p scaling, processing and display. The result is exquisitely detailed picture quality and natural color display.

- **AVM Noise Reduction** So much of today's video contents have flaws, also known as artifacts, marring the resulting images. AVIAMO identifies and corrects these flaws to deliver clear, satisfying big-screen pictures.
- **Advanced Color Management** Digitally enhances primary hues so they appear more natural and vivid.
- **Ambient Light Sensor** Senses the relative brightness of the room and digitally adjusts the screen brightness and contrast to create the perfect viewing environment.
- **Automatic Edge Correction** AVIAMO identifies the edges of image elements, and applies edge correction to clarify the elements' boundaries so they look clear, crisp and natural.

HDMI Connectivity

All AVIAMO Displays feature two High Definition Multimedia Interface (HDMI) inputs, enabling true high-definition audio/video content and crystal-clear digital quality through a single cable.

Built-in DCR™ Tuner & CableCARD™ Slot

Experience digital cable and HDTV without a separate set top box. View hi-definition programming in a clutter-free environment by using the built-in CableCARD™ slot.

Advanced IEEE 1394 Connection

Provides additional input flexibility and access to HD content.

Designed to Perfection

As envisioned by renowned Japanese artist and designer Shigeru Uchida, Fujitsu's AVIAMO display line is an elegant departure from conventional flat-panel display designs. Most striking is the rich piano-black bezel and sharp angled features of the display itself.

TV GUIDE

The TV Guide On Screen® interactive program guide lets you sort through programs and channels, locate high-definition broadcasts, set reminders and record your favorite shows - all with a touch of the remote control.

Warranty

Enjoy peace of mind with Fujitsu's exclusive 3-year warranty that covers Parts, Labor **and** the Display Panel Glass Element.
