

Top Traveller Select toploader

A spacious top loader with printer compartment and Memory Foam padding

This spacious top loader not only guarantees safe transportation of your notebook but also provides you with plenty of room for printer, projector, or folders.

The lockable notebook compartment with its safe Memory Foam padding protects your notebook from damage on all sides, the notebook is simply inserted from the top.

Pens, business cards, keys and such can be transported in the workstation in the front compartment, where they are kept in order. Mobile phones can be stashed in the concealed side pocket and are always ready to hand, and power supply units, cables and shoulder straps find room in the designated pocket.

Pleasant transportation is provided by the comfortable carry handle in combination with the elastic shoulder strap made of Neoprene, whilst the removable address tag prevents mix ups in transit. With the integrated zip on the back of the case, the trolley fastening can be turned into an additional document compartment.

The modern material mix and the high-class zippers underline the special character of this case.
